Genealogy Letter; Our Shifting Population

Editor The Star: I am working on family genealogy and was visiting my sister in Little Rock a few weeks ago. I mentioned I would like to go to Hope and try to learn something about our great-uncle Irvin Holmes as a cousin said he lived there.

My sister has a neighbor who is from Hope and he told me you would know if there were any of Irvin's children or grandchildren still there and that you might have known Irvin.

I do not know how old he was when he died but I have June 5, 1841, as his birth date. My cousin, Jesse Mason lived in his home for a while as a young man.

Irvin Holmes' sister Emiline was my grandmother. Their parents were Watson Holmes and Darcus Snider Holmes.

Any information you can give me will be appreciated. Yours truly

RUTH LYNCHOLM

Editor's Note: It's a tough job tracing a family tree. Mention of that 1841 date lets me out—I came along in 1899, and to Arkansas in 1923, and to Hope in 1929.

But this inquiry deserves a place in a newspaper, with its territory-wide circulation. If anyone in our area can help out the lady with information forward it to the California address—or bring it by The Star office and we will forward it.

A research memorandum dated April 1972 from the Arkansas Intercensal Population Estimates organization has some interesting figures on our own and neighbor counties.

They show, in general, a decline in county populations shortly after the 1960 census—but a recovery on the 1970 census.

Hempstead county had 19,861 in 1960, hit a low on an estimated figure of 18,226 in 1963, but recovered to 19,308 on the official 1970 census.

Howard county had 10,878 in 1960, dropped to an estimated low of 10,743 in 1961, but forged ahead to 11,412 on the 1970 census.

Nevada county started from 10,700 in 1960, dropped to 9,999 in 1969, but came back to 10,111 on the official 1970 census.

None of us take much stock in estimated population figures—but between the official 1960 and 1970 censuses Southwest Arkansas didn't do too badly. And with several new area industries starting up last year and this we'll do better in the years to come.

Wife Says

Wallace Will Whip Paralysis

SILVER SPRING, Md. (AP) — In his wife's eyes, George C. Wallace is a scrapper who may walk again just because his doctors tell him there isn't much chance of it, but who "doesn't need a pair of legs to use his mind or speak out and say the things people want to hear."

"The thing about George," said Cornelia Wallace, "is that he must have a challenge and what God has given him is the challenge of his life."

Already he has begun to meet it. Mrs. Wallace told The Associated Press in an interview. And if the final verdict from his doctors is a probable lifetime of paralysis, she said, "he will take that as a challenge to show them they're wrong."

The 52-year-old Alabama governor, a candidate for the Democratic presidential nomination, was shot down in an assassination attempt at Laurel, Md., on the eve of Maryland's presidential primary.

He won that election Tuesday and the Michigan primary the same day. But a .38-caliber pistol bullet which struck his spine left him, temporarily at least, without the use of his legs.

The operation to remove that

bullet will probably come in a week to 10 days, doctors said Thursday, but it will be at least two or three months before Wallace is able to get around much.

Dr. James Galbraith, University of Alabama neurosurgeon on the medical team, said Wallace was "resting well and feeling a little better" Thursday.

Wallace volunteers opened an office in Holy Cross Hospital where he is being cared for to handle the deluge of mail and flowers. The bouquets, however, became so numerous that they asked area florists not to deliver any more.

Arthur Herman Bremer, 21, who is accused of shooting Wallace, remains under tight security at the Baltimore County Jail in Towson, Md. Bremer is charged with four counts of assault with intent to kill and is being held under \$200,000 bond.

Mrs. Wallace, 33, who was married to the governor two weeks before his inauguration in January 1971, said she feels her husband's fierce determination will help him overcome his disability. But if he doesn't, she said, "his voice is not stilled and he can continue to carry

a message "to the people who want to have a voice in government."

Mrs. Wallace said doctors already have begun therapy on Wallace's legs and "they say the pace of his recovery is remarkable."

Mrs. Wallace said the governor knew shortly after he was shot that he was paralyzed.

"They tapped his knee for reflex action and didn't get any," she recalled.

Wallace's campaign leaders have spoken of the possibility that his wife may pinch hit for him as a stand-in speaker at some political rallies. She said she will do that "if he wants me to."

Actually, she said the primaries in Maryland and Michigan were the last campaigns in which the governor had planned to do much speaking, although he is on the ballot in New Mexico, Oregon and Rhode Island.

Of the Democratic convention beginning July 10, Mrs. Wallace said: "I wouldn't think that they would ignore a man like my husband who has received more popular votes in the primaries than any other candidate."

The Hope Chamber of Commerce began the touring season with a visit to the Shover Springs Community Thursday evening.

A caravan of about 75 people from the Hope area were met by the WMA group of the Shover Springs Baptist Church who served a delicious meal family style.

WMA ladies serving were: Messrs: Buster Rothwell, Lloyd Rothwell, Porter Powers, Chester Bullock, Grady Reece, Bob Garrett, Claude McCorkle, Travis England, David Lively, and Miss Laura Sue England. Those not pictured are: Messrs: James Clark, Deward Collier, Wilton Mullins, Fred Hunt, Melvin Luker, E.H. Byers, Troy Greenlee, Otis Fuller, Fay McKamie and Wanda East.

Frog Contest

CONWAY, Ark. (AP) — Four frogs were shipped to California Thursday by Bill Bell, Faulkner County wildlife officer, to participate in the Calaveras County frog jumping contest.

Bell said the frogs would be entered in separate categories of the contest.

Airport Grant

WASHINGTON (AP) — Jonesboro and West Memphis have been awarded grants for their airports from the Department of Transportation and the Federal Aviation Agency, according to the office of Sen. J. W. Fulbright, D-Ark.

U.S. Cuts 13 Million From UN Budget

WASHINGTON (AP) — The House has approved a \$13.2-million cut in the United States' payment to the United Nations. The cut, if upheld by the Senate and approved by President Nixon, means the United States will pay only one fourth of the total operating costs of the U.N. during the year beginning July 1. The U.S. amount for the current fiscal year is 31.5 per cent.

The House ignored Thursday a last-minute plea by Secretary of State William Rogers to restore the funds.

Nixon sought about \$60.1 million for the U.N. The House bill cuts that amount to \$46.9 million.

Pryor Answers Criticism

JONESBORO, Ark. (AP) — Rep. David Pryor, D-Ark., answered criticism from Ted Boswell of Bryant Thursday by saying that Boswell's "manner and method is political camouflage."

Pryor and Boswell are two candidates seeking the Democratic nomination for the U. S. Senate in the May 30 primary. Boswell charged Wednesday that Pryor had not taken positions on the issues and that Pryor is a "commentator" on what others are saying.

2,000 Enemy Attack in Highlands

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Some 2,000 North Vietnamese supported by seven medium tanks assaulted an outer defense of Kontum, in the central highlands, in five waves Thursday night, but South Vietnamese forces and American aircraft drove them back, spokesmen reported today.

The enemy infantrymen drove to within two miles of the provincial capital, and at times the fighting was hand-to-hand. But it appeared to be a probe or show of strength, like a similar attack last Sunday, rather than an assault to capture the city.

South Vietnamese spokesmen reported 92 of the attackers killed, many of them by the U.S. F4 Phantoms and B52 bombers that supported the defenders. They said three Saigon troops were killed and seven were wounded, but the casualties were believed to be higher.

Spokesmen said seven T54 medium tanks were supporting the North Vietnamese but remained about three miles back. One was reported knocked out by a U.S. gunship.

An hour before dawn, the North Vietnamese troops pulled back after eight hours of fighting, spokesmen said. Field reports said the attack was made on positions less than two miles northwest of the city, the same sector that was the target last Sunday.

These reports said the first wave detonated antipersonnel claymore mines sowed to guard the perimeter and the steel fragments thrown out by the mines "decimated" the attackers.

In the air war against North Vietnam, the U.S. Command announced that two Navy F4 Phantoms from the carrier Midway shot down two MIG19 interceptors Thursday 35 miles northeast of Hanoi.

Youth Killed In Accident

Roy Dees, 19, of DeQueen, was killed early today when a tractor-trailer truck in which he was a passenger was involved in an accident on Highway 70 near DeQueen.

According to State Police, Don Arndt, 20, of Cove, fell asleep at the wheel. The truck ran off the highway, traveled 588 feet, and ran into Rolling Fork River.

Arndt was taken to a Texarkana hospital where he was treated and released. State trooper J. Pinson made the investigation.

May Sign Arms Pact in Moscow

By GAYLORD SHAW
Associated Press Writer
WASHINGTON (AP) — As administration sources report a U.S.-Soviet strategic-arms-control accord virtually ready for announcement, President Nixon is moving into a final round of conferences prior to departure Saturday for his Moscow summit talks.

An unusual secret session with the Soviet ambassador to the United States preceded Nixon's planned meeting today with congressional leaders and with Vice President Spiro T. Agnew, just back from a Far East tour that included a Vietnam visit.

Accompanied by presidential adviser Henry Kissinger, Soviet Ambassador Anatoly F. Dobrynin flew by helicopter in the wee hours Thursday to the secluded Camp David, Md., retreat where Nixon had been since Tuesday preparing for his talks beginning Monday with Soviet leaders. Dobrynin and Nixon conferred for about an hour on Thursday, White House Press Secretary Ronald L. Ziegler said in disclosing the trip after Dobrynin and Kissinger flew back to Washington.

Ziegler wouldn't divulge what was discussed, but the mountaintop conference was believed to have included the movement toward an agreement to check the missile race.

Administration sources said they anticipate a strategic-arms control accord will be ready for announcement during Nixon's eight-day Soviet visit.

The President flies Saturday to Salzburg, Austria, where he will rest until Monday when he travels on to Moscow. He has scheduled brief stops in Iran and Poland en route back to the United States.

Administration sources said agreement has been reached in principle on a first-step arms-control pact. They added that U.S. and Soviet negotiators are working at an intensive pace in Helsinki with a goal—barring any last-minute snags—of completing drafts in time for the Moscow summit.

The proposed accord is said to be in two parts. One is a treaty which would limit U.S. and Soviet antiballistic missiles. The second is an interim

agreement which would put ceilings on land-and submarine-launched missiles. The United States and the Soviet Union joined Thursday in ratifying an international treaty barring emplacement of nuclear weapons on sea beds outside the 12-mile territorial limits.

Crucial Move Points to Saigon Thrust

WASHINGTON (AP) — The Hanoi military command appears to be pulling an army division out of Northern Laos in preparation for a crucial battle in South Vietnam.

U.S. Defense officials report that elements of the 316th North Vietnamese Infantry Division have been withdrawn from a secondary campaign in the Laotian Plain of Jars, perhaps to provide a homeland reserve for forces expected to thrust at Hue.

The 325th Division, only home-based enemy combat division remaining in reserve in North Vietnam, is reported poised along the demilitarized zone separating the two Vietnamese.

U.S. officials said return of the 316th from Northern Laos might permit the enemy to send the 325th to South Vietnam to join three other divisions in attacking Hue, possibly the most important enemy objective in the seven-week-old offensive.

Defense leaders anticipate the North Vietnamese may launch their assault on Hue at any time.

Although there are major fights going on or in prospect in other areas of South Vietnam, the battle for Hue is looked upon as one likely to go a long way toward deciding the final outcome of North Vietnam's offensive, believed aimed at shattering the South Vietnamese army.

"The battle for Hue will last days, and possibly weeks, and may be the most brutal battle ever fought in South Vietnam," said one senior U.S. officer.

'Subsidy' Claim Sparks Drive on Jap Goods

WASHINGTON (AP) — The Treasury Department has served notice that the prices Americans pay for millions of Japanese electronic goods may be boosted because Tokyo subsidizes the industry.

If a Treasury investigation now under way goes against the Japanese, American consumers could find themselves paying more for Japanese television sets, radios, tape recorders and record players.

In terms of dollar volume, it is the biggest case of alleged unfair trade ever taken up by the United States and the first time that the U.S. government has examined the system of

subsidies granted Japanese exporters.

Japanese electronics imports into the United States exceeded \$831 million last year.

Magnavox and Zenith, two giant American competitors, prompted the investigation by filing an official complaint with the Treasury.

"We've analyzed the complaints and feel we have to investigate," said Eugene T. Rossides, the Treasury's assistant secretary for enforcement. "But I want to emphasize that this is only the opening of an investigation."

Now the government must determine if Zenith and Magna-

vox are right in alleging that the Japanese government provides all kinds of tax-related and hidden subsidies to electronics exporters.

If so, an additional duty will be imposed on each item to compensate for the subsidies.

The investigation is expected to take several months.

Zenith and Magnavox alleged that such subsidies as special depreciation allowances, a shipping differential, tariff rebates, export insurance, development assistance and other incentives are illegal and discriminatory.

Search Continues

CLINTON, Ark. (AP) — The search continued today for Bill Thompson, 27, of near Clinton who escaped Wednesday after pleading guilty to a charge of growing marijuana on his farm.

Sheriff Jake Williams of Van Buren County said Thompson escaped into a wooded area near the courthouse at Clinton. Williams said he turned his head for a moment to speak to a judge and that Thompson fled.

After pleading guilty Wednesday, Thompson was sentenced to three years in prison.

The poultry Festival will be held in Nashville tomorrow. The public is invited.

Delicate Operation for Wallace

SILVER SPRING, Md. (AP) — An area of the human spine known to doctors as "L-one" will be the target area for surgery planned to remove the bullet that has partially paralyzed George C. Wallace from the hips down.

The area may hold the key to Wallace's physical future.

"L-one" is anatomical shorthand for "first lumbar vertebra"—the topmost of five vertebrae that constitute the first half of the lower-back region of the spine.

The bone is the 20th down of the 33 vertebrae in the spinal column that extends from the base of the skull to the end of the "tailbone."

Originally, doctors involved in Wallace's case didn't make clear the precise location of the bullet. But Wednesday, they announced it was inside the spinal canal, which runs lengthwise through the core of the spine.

The exact location is important not only for the precision of the surgery, but because it may hold the key to whether Wallace will be permanently paralyzed.

Here's why: Stretching from the base of the skull nearly to the bottom of the back within the spinal canal, runs the spinal cord, a rope-like string of nerve cells and fibers the approximate diameter of a little finger.

The spinal cord is equipped with thread-like nerves that shoot off to the legs and arms, major internal organs, and other structures. The cord and the brain constitute the central nervous system.

Acting like a central telephone cable, with various relay points, the cord has two main functions:

—To conduct and relay nerve impulses to and from the brain, including controlling the motions and sensations of the legs and arms.

—To act as one of the body's major reflex centers—such as prompting response on touching a hot object.

Thus, damage to the cord by something striking it directly—or even just involving the bony, vertebral structures surrounding the cord—can at least temporarily impair the function of parts of the body fed by nerves located at, and often below, the area of injury.

Meany, Tough Labor Chief, Painter

By MARCIA CHAMBERS Associated Press Writer NEW YORK (AP) — The hidden life of labor leader George Meany has gone on display in a converted brownstone on Manhattan's East Side.

Unknown to anyone but his closest friends, the 78-year-old president of the AFL-CIO has been painting in oils for 15 years.

After 30 of his works went on

display Thursday night at Automation House, a labor center, Meany said he began to paint when his daughter gave him an art set.

"I painted from numbers with the kit. But then I wanted to paint on my own and so I did," he said.

"Painting," said Meany, "was very relaxing. It's a wonderful way to forget. I can even forget about the economy," he said grinning.

An amateur photographer too, Meany painted many scenes from his own photographs or from picture postcards friends sent him from abroad. One painting depicts a street in Rome, another a still life of a bouquet of roses.

One brightly colored abstract called "Doodle on Parade" was conceived when Meany started to doodle while attending a boring meeting in Washington last year, he said.

Meany says he has no intention of selling his work. His canvases are gifts to friends and family, many of whom lent their paintings for the exhibit.

References to the canvases of Dwight D. Eisenhower and Winston Churchill brought a

grin from Meany. "I visited Eisenhower's cottage, yes, but we never talked about painting. And Churchill, well he had a background in painting," Meany said.

Labor mediator Theodore Kheel, who arranged the showing, said Meany's paintings showed a variety of style.

"Some of these are in the Grandma Moses style. We call his the Grandpa Meany style. Yes, he's got a bright future," Kheel said.

Davis Case to Reach Jury June 1

SAN JOSE, Calif. (AP) — Angela Davis' lawyers predict her trial will be in the hands of the jury by June 1.

Lawyer Howard Moore Jr. said an "abbreviated defense" could mean no defense at all—that the defense would rest without calling a witness.

Judge Richard Arnason recessed the murder-kidnap-conspiracy trial until Monday "with some reluctance" so the defense could make a decision on its approach.

Miss Davis, 28, a black Communist and former philosophy instructor at UCLA, is accused of furnishing four guns and helping plot an escape attempt at the Marin County Civic Center on Aug. 7, 1970.

The prosecution contends she helped plot the escape, which ended in shooting and four deaths, because she was in love with convict-author George Jackson and was driven by passion to free him from San Quentin Prison.

Battle Fought at Barricade in Belfast

BELFAST (AP) — British troops early today foiled an attempt to enlarge an Irish Republican Army stronghold in Londonderry, a Protestant teenager was shot and killed in Belfast, and inmates led by IRA men rioted in a Dublin prison for six hours during the night.

Guerrillas in Londonderry commandeered a crane Thursday and planted 10-foot steel beams in Williams Street, the main entrance to the Bogside's district where the IRA rules unchecked. Then they cemented the beams into the roadway, strung a steel hawser across the street and swung steel sheets into place as barriers.

As the work proceeded, about 150 Roman Catholic youths pelted troops with stones, and the soldiers replied with rubber bullets.

The barricades temporarily extended the frontiers of "Free Derry" a quarter of a mile to within 20 yards of the city center. But army bulldozers smashed down the barricades early today, and British headquarters reported only "minimal opposition" from the guerrillas and the 35,000 Catholics living in the district.

In Belfast, a 15-year-old Protestant boy was killed Thursday by guerrilla snipers who opened fire from a Catholic stronghold. His death was the 331st reported in three years of communal violence in Northern Ireland.

Two other 15-year-old boys believed to be Catholics were wounded by gunmen firing from a speeding car on Springfield Road, in a Catholic section. Police declined to speculate, however, whether it was Protestant revenge.

Security forces believe the IRA is trying to provoke Protestant attacks on Catholics so it can leap to the defense of the minority and strengthen its power base.

The rioting in Dublin's Mountjoy Prison ended at 1:30 a.m. today after two hours of bargaining between prisoners' representatives and prison authorities. No details were released, but authorities said they guaranteed there would be no

reprisals for the violence, in which five persons were reported injured.

The prisoners had demanded talks with Prime Minister Jack Lynch and the chief of the IRA's Provisional wing, Sean MacStiofain, about prison conditions, but this was denied.

The riot began Thursday night when an estimated 35 Provisionals overpowered guards and took their keys. They opened the cells of 350 other inmates who went on a rampage.

A force of 100 policemen sent in to quell the riot was quickly overpowered. Justice Minister Desmond O'Malley declared a state of emergency, sent in 700 more policemen and 200 soldiers armed with gas grenades and clubs.

At the height of the battle, the soldiers and police had to fight a rearguard action against 3,000 pro-IRA demonstrators who massed outside the prison.

Nixon Visits Wallace

WASHINGTON (AP) — President Nixon interrupted his return to Washington from Camp David today to visit Gov. George C. Wallace of Alabama, convalescing from gunshot wounds in a Silver Spring, Md., hospital.

Nixon, who had been staying at his mountain retreat in nearby Maryland since Tuesday, ordered that the helicopter returning him to the White House land at Walter Reed Army Hospital.

The President traveled the short distance from Walter Reed to Holy Cross Hospital by auto.

Wallace has been at Holy Cross since late Monday after he was gunned down at a rally in Laurel, Md.

USSR-German Treaties Ratified

By ANTHONY COLLINGS Associated Press Writer BONN, Germany (AP) — Parliament completed today its ratification of Chancellor Willy Brandt's treaties with Moscow and Warsaw, giving a boost to President Nixon as he prepared to leave for his summit in the Kremlin.

Completion of the ratification process opens the door to implementation of the agreements easing East German restrictions on West Berlin and paves the way for Brandt to seek better relations with other members of the Soviet bloc.

In today's vote on the treaties by parliament's upper house, opposition lawmakers with a controlling 21 votes abstained. It meant the government's minority 20 votes against raising objections carried the day, and parliamentary ratification was completed.

The treaties are the key-stones of the Ostpolitik, or Eastern Policy, for which Brandt won the 1971 Nobel Peace Prize. Twenty-seven years after World War II, they recognize Germany's territorial losses to Poland and the Soviet Union.

They were approved Wednesday in the Bundestag, or lower house, after weeks of maneuvering and on-again-off-again negotiations between Brandt and Rainer Barzel, leader of the opposition Christian Democrats. After formulation of a

bipartisan declaration that the treaties do not constitute a barrier to the reunification some day of East and West Germany, most of the Christian Democrats abstained on the Bundestag vote.

The Christian Democrats control the upper house 21-20 and could have blocked the treaties there. But again they abstained when the 20 government members voted against raising objections to the pacts.

All Escape in Landing Air Crash

FORT LAUDERDALE, Fla. (AP) — Passengers and crew members scrambled to safety from the blazing wreckage of an Eastern Airlines DC9 jetliner Thursday as firemen sprayed the broken body of the plane with foam.

Six passengers and four crew members were on board when the plane crashed on landing at the Fort Lauderdale airport. The captain and one stewardess suffered fractured vertebrae, airline spokesmen said, but the first officer, six passengers and a second stewardess escaped injury.

Maxwell Leads Memphis Open Golf Classic

By BOB GREEN
Associated Press Golf Writer
MEMPHIS, Tenn. (AP) — Arnold Palmer lost a wristwatch. Billy Maxwell found the fairways. And a flock of the touring pros were looking for the shortest way home.

That was the situation after one day's play in the \$175,000 Danny Thomas-Memphis Open Golf Classic as more than a half dozen players pulled out of the first round and the diminutive Maxwell, a notoriously short—but accurate—hitter, moved into a share of the lead.

Palmer, meanwhile, became so flustered when he discovered he'd lost a \$1,200 wristwatch somewhere on the course that he took a triple bogey seven and had to rally to salvage a 71 and remain in contention.

The 5-foot-6 Maxwell, who hasn't won in the last decade while courses got longer and his fellow pros stronger, missed only two fairways on the long, demanding Colonial Country Club course, and posted a three-under-par 69.

He was tied at that figure with Gibby Gilbert and Hubert Green going into Friday's second round in the chase for a \$35,000 first prize—about three times the amount Maxwell won all season last year.

Lee Trevino, who used a victory in this tournament a year ago as a springboard to his designation as athlete of the year,

Hottest Hitter In Texas League

Dodgers and Astros Open Four Game Set in L.A.

By HAL ROCK
Associated Press Sports Writer
Can you have a crucial baseball series in May?

The Los Angeles Dodgers and Houston Astros—pre-season picks to fight it out in the National League's West Division this season—certainly think so.

The Dodgers and Astros opened an important, if you don't believe crucial, four-game set in Los Angeles Thursday night and even this early in the season, there was an air of tension to the game.

Houston finally won it 4-3 in 11 innings on Tommy Helms' squeeze bunt. But there was plenty of drama before that happened.

First there was L.A.'s Don Sutton working on a one-hitter into the ninth and leading 2-0. Sutton, looking for his sixth straight victory, surrendered a leadoff single to Jim Wynn and walked Bob Watson with one out. Then, with two out, Doug Rader crashed a three-run homer to turn the game around.

The drama belonged to the Dodgers next and old pro Frank Robinson, who had singled home a run earlier, came through with a two-out double in the bottom of the ninth, sending the game into extra innings.

Jim Ray, 7-0, escaped a two-out, two-out spot in the 10th before the Astros broke through for the winning run in the 11th. Lee May reached on Bill Garber's error and pinch runner Bobby Fenwick came around on a hit by Watson, a walk to Rader, and Helms' bunt.

Red-hot Cincinnati, which doesn't buy the theory of a two-team race in the NL West, won its eighth straight, whipping reeling San Francisco 8-5. It was the seventh consecutive

rallied strongly on the tough back nine for a 70. He was tied at that figure with former Masters champion Charles Coody. Palmer was one of 14 tied at 71. Some of others included Doug Sanders, Deane Beman, Dave Stockton, Don January and J.C. Snead.

Jack Nicklaus, ailing from the flu, withdrew before play started on the warm, sunny, breezy day. Another seven followed suit during the course of play on the 7,195 yard, par 72 layout that has water on nine holes and deep, deep trouble off the fairways.

Celtic Sale Partially Cleared

NEW YORK (AP) — The sale of the National Basketball Association's Atlantic Division champions, the Boston Celtics, was partially cleared Thursday by a federal bankruptcy referee.

Trans National Communications, which bought the Celtics from P. Ballentine and Sons three years ago for \$250,000 cash and over \$4 million in promissory notes, had filed for reorganization under the Federal Bankruptcy Act.

Because it is bankrupt, Trans National cannot pay an approximate \$2.6 million in unpaid notes to the brewery. But the sale of the Celtics to the partnership of Harold Lipton and Irving H. Levin for \$3.7 million would enable the firm to pay its remaining debt to Ballantine, and retain approximately \$1.1 million.

Sale of the team must be approved ultimately by the NBA Board of Governors, and should the transaction take place, Levin would add ownership of the Celtics to his interests in the National Football League San Diego Chargers and Western Hockey League San Diego Gulls.

NCAA Baseball Playoffs

SAN ANTONIO, Tex. (AP) — Pan American and Texas squared off today for the right to represent Dist. 6 in the NCAA college baseball World Series at Omaha, Neb., in June.

Pan American tripped Trinity 6-1 and the Longhorns outlasted the Tigers 4-3 in 14 innings Thursday night to eliminate Trinity from the tournament.

The first game of the double-header was scheduled for 7 p.m. and the nightcap at 7:30 p.m. If the two teams split, a third game will be played Saturday in the double-elimination playoffs.

Pan American scored six runs in the ninth inning to down the Tigers in a day game.

Trinity came out scrapping in the night game but two errors in the fateful 14th did in the home town team.

Texas' Amador Tijerina walked and Mike Markl advanced him to second with a sacrifice bunt. Pitcher Mike Bacsik fielded the bunt and threw wild at first. Both runners were safe. David Chalk was safe on a grounder booted by Tiger third baseman Bill Daffin. Then Bill Berryhill hit a grounder to shortstop Ken Cmerck, who couldn't find the handle and Tijerina scored.

Both teams scored a run in the 11th as the regulation nine innings end with the score tied 2-2.

Pan American, which represented the district in the NCAA finals last year, knocked out Trinity ace Paul Stanley in the ninth inning. The Broncs collected seven hits in the big frame.

Lupe Salinas surrendered only four hits in gaining his 12th victory of the year against one loss. The loss snapped a 22-game Trinity victory skein.

Pan American was an independent and Texas was the Southwest Conference co-champion during the year.

land. O'Brien, who came in the game as a pinch runner in the seventh following Ken McMullen's double, had scored the tying run in that inning on a pinch single by John Stephenson.

Bert Campaneris homered for the A's. Joe Coleman spun a three-hitter and Detroit defeated Boston with homers by Norm Cash and Tony Taylor pacing the attack.

Tom Haller, whose three-run homer the night before was his first hit of the season, keyed a four-run Detroit rally in the fourth inning with a two-run double. He also tripled and scored on Dick McAuliffe's double in the second.

One of the three hits off Coleman, 6-2, was a solo homer by Reggie Smith.

Driver Escapes Injury

By BLOYS BRITT

AP Auto Racing Writer

INDIANAPOLIS (AP) —

Rookie Merle Bettenhausen's hopes of joining his brother in the line-up for the million dollar Indianapolis 500 may have ended Thursday in a frightening crash at the Speedway.

Bettenhausen, 27, of Tinley Park, Ill., miraculously escaped injury, but the Grant King turbocharged Offenhauser he was driving was demolished only 48 hours before the final round of qualifying for the May 27 race.

"Something got loose," the stocky Bettenhausen said. "All of a sudden I was sideways and couldn't hold it."

"Now I am not sure there is another ride available. Particularly at this late date and for a rookie, there are more drivers here than cars."

Bettenhausen's car, one of several "Kingfish" machines King built in his Indianapolis shop, got sideways for 460 feet coming out of the fourth turn, smashed the inside guard rail twice, then skidded another 420 feet before stopping.

It was not far from the area in the north end of the 2.50 mile oval where car driven by Jim Malloy and Art Pollard crashed earlier this month. Pollard, 45, suffered a broken leg and Malloy succumbed to massive injuries Thursday.

Ironically, it also was near the spot on the track where his father, Tony Bettenhausen, was killed in a practice crash in May 1961. The elder Bettenhausen had raced 13 times at Indianapolis, but had never won.

King said he has a "backup" car in his stable, but probably won't decide until late today whether he'll allow Bettenhausen to drive it.

Bettenhausen had passed his rookie test with flying colors Wednesday. He is the second son of the late Tony.

Gary Bettenhausen, 30, oldest of the late driver's three sons, qualified for the line-up last Sunday when 12 drivers dodged rain showers to assure themselves of one of the 33 spots.

Meantime, Bobby Unser, who appears to have the pole position looked up in Dan Gurney's Olsonite-Eagle, went out Thursday and was clocked at 189,994 miles per hour during fuel tests.

It was his first appearance since he turned four qualifying laps Sunday at a record 195,940 m.p.h. average.

The month of July is named for Julius Caesar. August is named for Augustus Caesar.

Refinancing of Ruidoso Downs Underway

By LARRY CALLOWAY
Associated Press Writer
SANTA FE, N.M. (AP) — Negotiations are underway for a refinancing of Ruidoso Downs that would eliminate the race track's debt to Emprise Corp., a holding company under investigation for alleged underworld ties.

"I would guess it will be paid between now and Saturday," former Gov. John Simms, attorney and board member for the group that owns Ruidoso, said late Thursday.

The transaction would involve purchase of Sunland Development Corp. by Kodiak Industries of San Diego, Calif. Sunland Development owns the dominant 40 per cent block of stock in Fortuna Corp., which owns Sunland Park Race Track and 87 per cent of Ruidoso Downs.

"It's pretty hard for me, being on the board, to say anything about it except the negotiations are progressing," Simms said.

Emprise, a family-owned company headed by Jeremy Jacobs of Buffalo, N.Y., teamed with Ruidoso State Bank and its correspondents on July 31, 1969 to loan \$1.2 million for the purchase of Ruidoso Downs by Eric Culver of Raton. Culver still owns La Mesa Park.

On the same day, Ruidoso State Bank loaned \$600,000 to Emprise on a note secured by

the full assets of High Park Race Track and Emprise, in turn, loaned \$600,000 to Culver's Newco Industries, Inc.

Investigation by the State Racing Commission in 1970 showed the Emprise loan was tied to a 20-year contract giving an Emprise subsidiary the concessions at Ruidoso Downs.

On the same day, Ruidoso State Bank also loaned \$600,000 to Newco, but Emprise was given the option to take over this note for the slightest "default" by Newco. The many defaults included failure of the state to continue the track liquor license or failure of Newco and Culver to grant the concessions to Emprise.

The bank note was to be paid off over a period of five years, after which principal payments on the Emprise note would be paid over another five years. Both were secured by stock in the track, held by the bank.

The Culver purchase on July 31, 1969, also involved a purchase contract with Eugene Hensley for \$510,000. Hensley and his ex-wife, Billie, were the principal sellers. Hensley entered federal prison for income tax troubles about the time of the sale.

The Racing Commission investigation also turned up an employment contract under which Hensley and his then-wife, Frances, would be paid \$225,000 over a period of 15 years at \$1,250 a month.

Another aspect of the transaction was liability for

delinquent federal income taxes estimated at more than \$300,000, a subject still under litigation.

Rep. Sam Steiger, R-Ariz., entered the picture on Feb. 21, 1970, when he testified against Emprise before the State Racing Commission.

Steiger said Emprise was linked with the underworld. He admitted on one occasion, however, that his case was strictly "guilt by association."

Steiger's specific charge was that Emprise held 12 per cent of Hazel Park in Detroit and that suspect figures ran Hazel Park. A committee of the U.S. House of Representatives currently is investigating that aspect of the Emprise business.

After Steiger's testimony, The New Mexico Racing Commission ruled Emprise had a "generally bad reputation for honesty and fair dealing" and refused a 1970 racing license for Ruidoso Downs.

The next two months brought constant legal battles in which Ruidoso Downs was finally put under the care of trustees, and Sunland Development offered to buy Newco and assume its debts.

The true coconut has the largest of all known seeds.

WIN AT BRIDGE

No Safety Play? Foolish

contract as a result

The ordinary bridge player holds up his ace of spades until the third lead of the suit. Then he plays dummy's ace and king of clubs. The queen, jack and ten drop nicely and he claims the rest of the tricks

The expert also holds off twice on the spades. Then he leads a low club and carefully covers West's eight with dummy's nine. East wins a surprise trick but can't do anything about getting his partner on lead and expert South makes the rest of the tricks to wind up with four no-trump as against the five

American Indian Is Ordained Minister

ST. PAUL, Minn. (AP) — O. Bruce Miller, 39, onetime failure who as an alcoholic who was fired from a managerial job, will be ordained a minister of the American Lutheran Church this month.
 Miller is an American Indian, native of the Stockbridge-Munsee band of Mohicans and grew up on a reservation near Shawano, Wis.

He'll take full-time church work as minister to his own people in South Minneapolis, a job he has worked at part time while going through Luther Theological Seminary in St. Paul and providing for his family of six.

Miller is the kind of minister in demand as a bridge to the minorities. But he exemplifies another type of pastor that is increasingly in demand—the pragmatic man who has wrestled with life, not merely studied books.

Asked about his early life, Miller replied, "You might say

our own BARS

... sure they are! How pathetic to find both good and bad people imprisoned. Some are guilty. Some are innocent. Remember John Bunyan in jail? He gave us Pilgrim's Progress while behind bars. But there is another prison and no error is made in determining it's inmates. It is the prison of the soul, and everyone of us constructs his own cell. The cells of the spiritual prison are intolerance, self-centeredness, hatred, malice and falsehood. The law man will put you in a man-made jail if you break the rules, but you imprison yourself behind bars wrought by your own hands if you allow bad habits to dominate your life. The Bible plainly tells us of an Emancipator of souls, who will bring us to freedom and wholesome living if we dedicate ourselves to our highest potentialities. Why not begin this dedication in a visit to His Church.

Page Ten Candidates Fail To File Reports

LITTLE ROCK (AP) — Three candidates for public office failed to register or file financial reports as required by the 1971 federal election campaign law, the Arkansas campaign monitoring unit of Common Cause said Thursday.

The group is a nonpartisan national citizen's organization.

The group said the candidates were Foster Johnson of Little Rock, a Democratic candidate for the U. S. Senate; Dr. Wayne Babbitt of North Little Rock, a Republican candidate for the U. S. Senate, and Milton Stolberg of Wayton, a Democratic candidate for Congress in the 3rd District.

Common Cause said Babbitt's office explained that the reports simply had been overlooked and promised to file them as soon as possible.

The citizen's group said stolberg indicated he was seeking clarifications of the procedures from the clerk of the Arkansas House. Johnson said Thursday night that he thought he had until June 9 to file the reports. He said he would comply with the law, adding that he has had no campaign contribution of more than \$100 from any one person.

The secretary of state's office did not have reports for either Rep. Wilbur D. Mills, D-Ark., who is unopposed for re-election, or Guy Hatfield of Rogers, a Democratic candidate for Congress in the 3rd District. However, both had reports on file with the clerk of the U. S. House in Washington.

Common Cause said Mills' office claims the reports were sent to Little Rock. Hatfield said he did not understand reports had to be filed both in Washington and Little Rock, the group said.

The group said reports were filed for fund raising political committees working for Richard Arnold of Texarkana and Ray Thornton of Sheridan, congressional candidates in the 4th District, and for Howard Cain of Huntsville, congressional candidate in the 3rd District, but the group said the candidates themselves failed to file a report.

Alagood Criticizes Bryant

LITTLE ROCK (AP) — State Sen. Oscar Alagood of Little Rock criticized Secretary of State Kelly Bryant Thursday for authorizing a "ridiculously exorbitant" payment for proofreading the printing of the 1971 legislative acts, but Bryant said Alagood and other critics should look at the 1971 appropriation bill.

Alagood said that while the payment of \$1.11 per page was authorized to the Democrat Printing & Lithographing Co. of Little Rock, the actual job of proofreading was done by two of Bryant's assistants.

Alagood, who is opposing Bryant in the May 30 Democratic primary, said copies of letters from Armitage Harper, president of the printing firm, were used as the basis for three payments totaling \$3,780 for proofreading the 3,400 pages of the 1971 acts.

British Liner Queen Liz Escapes Bomb

By RODNEY PINDER

Associated Press Writer

LONDON (AP) — The Queen Elizabeth 2 and her 2,350 passengers and crew members steamed across the Atlantic toward Europe today, apparently safe despite a bomb threat demanding \$350,000 ransom.

British Army bomb disposal experts parachuted to the British liner in mid-Atlantic Thursday, did not find the six bombs which an anonymous telephone caller in New York said had been planted aboard.

The bomb threat appeared to be a hoax, although the president of the Cunard Lines' American subsidiary, Richard Patton, said: "The danger is not over, but lessened."

"I never really believed that there were any bombs on board," Patton added, "but we will continue to take every precaution."

The 65,000-ton pride of Britain's merchant fleet is due in Cherbourg on Saturday and in Southampton Sunday morning. Most of her 1,500 passengers are vacationing Americans.

The caller to Cunard's New York office had warned the bombs would be set off by two men on board unless the ransom was paid. He said the bombers were a terminal cancer patient and an ex-convict and both were willing to die to carry out the threat.

Cunard assembled the money in small bills and stored it at a bank near the line's office on Fifth Avenue. But a second call promised by the extortionist to give payment instructions never came.

The caller, who Cunard said spoke with an American accent, telephoned his threat Wednesday afternoon. The QE2 had left New York Monday and was halfway home.

Cunard spokesmen said they had received many false bomb threats before. But this time the caller gave technical details of the ship that aroused concern. By noon Thursday, the line and authorities on both sides of the Atlantic decided the threat must be treated seriously.

The line said the ship's watertight doors were slammed shut as soon as the bomb threat became known aboard ship. The doors seal off the watertight compartments in which the ship is divided to limit

'Only Way To Make Progress'

RUSSELLVILLE, Ark. (AP)

— Sen. John L. McClellan said Thursday he had been criticized for his brick-and-mortar concept, but said he felt this was the only way to make economic progress — by building, growing and developing.

He said the real issue in the campaign was "progress versus economic stagnation."

Humphrey, McGovern Schedule TV Debate

By BILL STALL

Associated Press Writer

Sens. Hubert H. Humphrey and George McGovern have agreed to a series of face-to-face televised debates before their clash in the crucial June 6 California primary.

The two Democratic presidential contenders were on the West Coast today—Minnesota's Humphrey taking a "rest" day in California while South Dakota's McGovern campaigns in Oregon for votes in that state's primary next Tuesday.

In Los Angeles, tentative debate negotiations began from the Humphrey and McGovern headquarters, a block and a half apart on Wilshire Boulevard.

Humphrey suggested three

debates, but that and other arrangements were open to negotiations.

Humphrey challenged McGovern Thursday as the Minnesotan formally launched his California stretch drive. The winner of the California primary takes all of the state's 271 delegates to the Democratic National Convention.

McGovern was in Los Angeles when he heard of Humphrey's proposal and declared, "I readily accept."

"Many months ago, at the beginning of this presidential campaign, I publicly challenged all the other presidential candidates to a face-to-face debate," McGovern said as he boarded a plane for Portland, Ore. "I think that is the best way to discuss the issues and interests to the people."

McGovern made a brief stop in Los Angeles to receive the endorsement of the widow of Martin Luther King Jr. McGovern's hopes for winning California depend in part on his

drawing power among the minorities, primarily blacks and Mexican-Americans, and of the "blue collar" working man—always considered major source of strength for Humphrey.

Speaking before some 3,000 high school students at a mock convention in Portland Thursday night, McGovern called for rationality and restraint in the Democratic campaign.

He said he had been the victim of distortions on issues which "touch the deepest passions and beliefs." Although his prepared text mentioned drugs and abortions, he made no mention of those issues in the speech as delivered.

In West Virginia, virtually complete returns from that state's May 9 primary gave 20 of West Virginia's 35 seats at the Democratic convention to delegates who had announced support for Humphrey.

Delegates supporting McGovern won seven seats and backers of Sen. Edmund S. Muskie, D-Maine, three, with uncommitted delegates ahead in five races.
